## Instructions

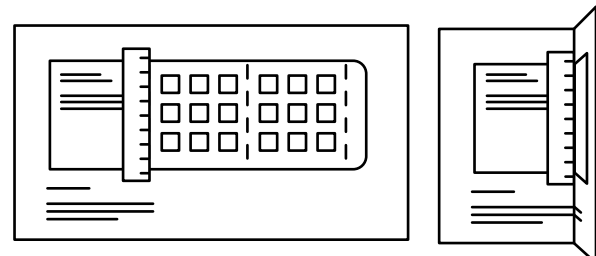

### 1. Print

Print, in color, on 11 x 17 inch paper. If 11x17 isn't available it can be printed on a smaller size, just select the 'Fit to Page' option in the print settings.

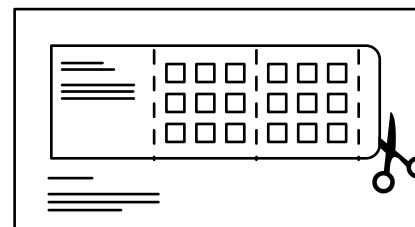

### 2. Pre-Fold

Use a ruler to line up the dash lines on either side of the design, then fold along the dashed lines.

### 3. Cut Out

Next cut out along the solid outline.

### 4. Fold

Fold the cutout into a triangular table tent, with the designed side of the cutout facing outward.

### 5. Tape

Place 3 pieces of rolled tape along the edge of the flap. Tape the other side of flap to the inside (blank side) of the cheatsheet.
